Manufacture

To manufacture even one buckle requires the following:

1) Receive your artwork.

2) Receive your order prior to starting on your custom buckle:

Please fill in this order form: Merchandise Order Form and then fax the signed form to 1-416-638-8167.

3) Send you a pre-production paper proof for your approval.

4) Convert your artwork to a mold and produce a pewter sample to view, as a custom die is required to form your design. The pewter used for your sample is remelted for use again.

5) Produce your buckle.

6) Clean, polish, plate and finish your belt buckle.

Artwork

Most shapes are available and are produced from your supplied black and white artwork. The black colour stands for raised metal, and the white colour for recessed. Vectorized artwork to our specification is required or there is a $50.00 conversion charge.

If you want the belt buckle filled with colours, send us colour (separated) artwork.

Details on camera-ready artwork, please click here (We prefer to accept .AI or .EPS graphic files)

Price of sample $500.00

Your cost to produce one belt buckle is $500.00 US, with a shipping date of 4 weeks after your final artwork approval.

Rush

If a faster shipping date is required, and we can handle your request, the following additional rush charges would apply:

3 week shipping	**$100.00 US**
2 week shipping	**$250.00 US**
1 week shipping	**$500.00 US**
